

B.E. Mechanical Engineering students of Shree L. R. Tiwari College of Engineering, zoom ahead to win recognition at Two National Go Kart Racing Championships

The LRT Vortex Racing Team of Shree L. R. Tiwari College of Engineering (SLRTCE), Mira Road (E), Thane, has successfully built a sleek and stylish Manual Go-kart with Mechanical Pedal Shifters. The Team of 20 B.E. Mechanical students was further divided into 4 groups that managed separate departments of Transmission Chassis, Breaks, Tyres and Steering in the making of the Kart.

The first team to ever participate from the college, they have already passed the ISNEE Virtual Round with 343 points, 373 being the highest. Being one of the 97 teams that were selected out of 189 teams, they will now be a part of the main competition of ISNEE at Kari Motor Speedway, Coimbatore, in January 2017.

The Team is all set to participate in the National Kart Racing Championship (NKRC) which will be held at Mohite Racing Academy, Kolhapur, from 29th September to 2nd October 2016.

The students and professors of the Mechanical Department at SLRTCE have worked tirelessly with utmost dedication. The experience will certainly help develop each student into a highly skilled engineer. The Hon'ble Chairman of Rahul Education, Shri L.R. Tiwari and Hon'ble Secretary, Shri Rahul Tiwari has greatly encouraged this endeavour. Dr. S. Ram Reddy, Principal of SLRTCE, congratulates and lends his best wishes to the Team for the success of the Go-kart.
